

**IMPORTANT NOTICE - “He Hui no Ka Ike” (Partnership in Learning)
AAPC Hawaii Coding Conference**

March 17, 2020 – Update Regarding Coronavirus (COVID-19)

The Hawaii Professional Coders Education Fund (HPCEF) is closely monitoring developments surrounding COVID-19. As of now, our conference remains planned for September 11 & 12, 2020 at the Disney Aulani Resort. Our plan was for early bird registration to begin on April 6th, however as families, communities and employers wrestle with daily life, we have elected to re-evaluate our options in eight weeks.

We understand many of you depend on our local conference for continuing education credits. We’ve been in contact with the Aulani team and are discussing options should we need to postpone. These options include alternate dates in 2020 or 2021, possibly shortening our event to one day, or providing virtual sessions.

HPCEF organizers will continue to keep you updated via our Honolulu Chapter Newsletter and postings on www.hpcef.com

Thank you for your support, patience and cooperation as we continue to work through this
