

May, 1, 2020

Every year, we look forward to connecting with our Hawai'i coding community at our annual conference. Given the ongoing concerns around COVID-19, we've made the difficult decision to cancel our 2020 event. We've considered converting to a virtual event, however we would lose the opportunity to gather and network, such a valuable part of our Hawaii conference.

The Hawaii Professional Coders Education Fund (HPCEF) conference planning team has agonized over this decision as we know many of you rely on our event to fulfill CEU requirements. We plan to host at least two on-demand webinars in late summer, graciously provided by speakers we planned to host at our September event. Watch for information on our website and in the monthly Honolulu Chapter newsletter.

Plans for our 2021 event are on hold for now, however we look forward to welcoming you for the return of our 16th Annual Hawaii Coding Conference.
